

## **TLILIC0002 Licence to operate a vehicle loading crane (capacity 10m tonnes & above)**

Covers the operations of a crane with a capacity of 10 metre tonnes or more, mounted on a vehicle to move a load onto or from the vehicle, including the application of load estimation and slinging techniques to move a load.

This allows the licence holder of a CV licence to operate a vehicle loading crane and conduct the full range of slewing operations without holding a slewing mobile crane licence, so long as:

- The equipment is suitable for the task
- The equipment is used within its operating parameters
- The operator has been adequately trained

### **Requirements**

- Participants must wear steel capped footwear. STO can provide Hi Visibility Clothing and Hard Hats. For any specific PPE requirements please contact STO
- Participants must provide 100 points of Identity and be a minimum of 18 years of age. Please see evidence of identity form
- English language skills need to be sufficient to understand and comprehend written and verbal instructions
- Numeracy skills are needed to interpret calculations and formulas

### **Content**

- WHS Act, regulations, AS, Codes or practice
- Plan work
- Conduct routine checks
- Correctly interpret load charts
- Communication
- Set up, configure and operate VLC safely
- Sling and safely shift load
- Shut down and secure crane
